

BUDI SANTOSO

Jakarta, Indonesia | +62 812-3456-7890 | budi.santoso.dummy@email.com

PROFESSIONAL SUMMARY

Dedicated Environmental Project Officer with 4 years of experience in designing and implementing community-based sustainability programs in Indonesia. Proven track record in project management, stakeholder engagement, and advocating for renewable energy solutions. Passionate about driving sustainable development and applying for the Australia Awards Scholarships to pursue a Master's degree in Environmental Management to further contribute to Indonesia's green transition.

PROFESSIONAL EXPERIENCE

Green Nusantara NGO – Jakarta, Indonesia

Project Officer (Renewable Energy Initiatives) | Jan 2022 – Present

- Led a rural electrification project using solar panels, providing clean energy to 50+ households in remote villages.
- Facilitated capacity-building workshops for local communities on sustainable waste management, increasing recycling rates by 30% within a year.
- Collaborated with local government bodies and international donors to secure funding for environmental preservation programs.

EcoTech Solutions – Bandung, Indonesia

Junior Environmental Consultant | Aug 2020 – Dec 2021

- Conducted Environmental Impact Assessments (EIA) for 5 medium-scale infrastructure projects.
- Assisted senior consultants in drafting policy recommendations on water conservation for municipal governments.

EDUCATION

Universitas Fiktif Indonesia – Bandung, Indonesia

Bachelor of Engineering in Environmental Engineering | Aug 2016 – Jul 2020

- GPA: 3.75 / 4.00
- Thesis: "Evaluating the Efficiency of Mangrove Conservation in Coastal Urban Areas"

LEADERSHIP & VOLUNTEER EXPERIENCE

Clean Beach Initiative

Volunteer Coordinator | 2021 – Present

- Organized monthly coastal clean-up events mobilizing over 200 youth volunteers across West Java.
- Initiated an educational campaign on the dangers of microplastics in local high schools.
